

# AGM AUTROY AUTHP-3000CP

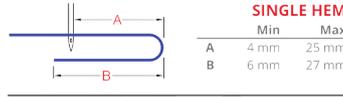

Automatic Pocket Hemming Machine

## Technical Specifications

- Automatic pocket hemming machine for jeans and similar, three needles, chain stitch, adjustable folder
- AGM AUTROY touch screen control panel for easy setting of the machine functions
- Three needle chain stitch sewing head with servo direct drive motor
- The machine allows to perform the hemming on different fabric types (from the denim to the stretch) through simple settings and without replacing any device.
- Photo sensors for fabric detecting
- Automatic thread trimmer and vacuum system for thread waste
- Rotating stacker for proper pockets stacking and collection
- Air compressor works when the chain cutter is activated
- Sensors for thread breaking detecting
- Between 5mm and 25 mm a single adjustable folder allows to realize single and double hem and change the height of the hemming
- Control panel to adjust chains at beginning and end of the pocket
- Easy maintenance and setup of the device

- The machine is also equipped with a sewing head pull back system and a conveyor belt lifting up system, to make the threading and the most common maintenance operations easy.
- Electronic control unit developed by AGM AUTROY Software updates via USB memory
- Intermittent conveyor belt synchronized with the feed dog and powered by electronic motor
- Thread breakage sensor
- Automatic thread trimmer
- One leg adjustable stand
- Pneumatic transport system

Model İsmi / Model Name	POCKET HEMMING (AUTHP-3000CP)
Kafa Modeli / Head Model	Kansai
Maksimum Dikiş Hızı / Max. Sewing Speed	4000 rpm
İlmeç Uzunluğu / Stitch Length	0,5 mm - 5 mm
İğne / Needle	1/4" veya 1/8" opsiyonel 1/4" or 1/8" optional
Kıvrma Aralığı / Hemming Width	5 mm - 25 mm
Dikiş Tipi / Stitch Type	3 Luper Zincir Dikiş / 3 Loooper Chain Stitch
Voltaj / Voltage	220 V
Frekans / Frequency	50-60 Hz
Güç / Power	1,5 kW
Üretkenlik / Productivity	1800/2000 Saat Başına 1800/2000 pockets per hour
Machine Motor	Panasonic
Ups Capacity	3 kW
Hava Tüketimi / Air Consumption	6 bar
Ağırlık / Weight	240 Kg
Boyutlar / Dimensions	2050x1050x1250 mm
